PREFACE

IN presenting the Sixty-Ninth Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 89,858. Wives' names approximate 34,500 making a grand total of 124,358 names in this section of the Directory

The Street Directory shows some 44,250 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 187,520.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities including Bartonville, Hamilton Beach, Normanhurst, Strathbarton and Strathearne, so the residential and working population of Greater Hamilton is 192,600.

While the increase in the population of Hamilton and adjoining territory this year seems extraordinary, it may be accounted for by the fact that in every case where the husband has enlisted and left the city his name has been included as a resident, provided his wife is living here. This inclusion, with the influx of new residents, makes up the increase of population.
